Happenings in Town of General Interest--What Our Merchants Offer in the Way of Trade Inducements

Mrs. S. Batcheler visited in the metropolis during the week.

Mrs. Adam Adler was a visitor in San Francisco a few days of this week.

Miss Anna Wellmann will arrive from San Francisco, tonight, to be the over-Sunday guest of her friend, Mrs. George Lovell.

Dr. and Mrs. A. Kuykendall and C. M. Hunt, all of San Francisco, were guests at the home of Mr. and Mrs. Henry Weber, Sunday.

Mr. and Mrs. W. J. Coleman have returned to their home in this city from an enjoyable visit with their daughter, at Boulder Creek, Santa Cruz county.

Mrs. W. H. Kistle has been in San Francisco this week, having been summoned to the metropolis by the illness and demise of a very dear friend.

Mrs. H. Hahman and daughter, Miss Martha, came over from Santa Rosa, Thursday, and are enjoying the week-end in Sonoma, guests of Mrs. and Miss Stofen.

The days are at hand when ice-cream is most enjoyed. None finer than that made by Mrs. P. Yenni. The best quality and freshest of confectionery also on hand.

Miss Lilian Evans, of Santa Rosa, spent the week-end at the Union Hotel, the guest of her brother, Ralph. Miss Evans was here to attend the Benefit Dance, given by the Boys' Band.

Dr. and Mrs. Irving C. Gobar entertained Mrs. B. F. Noonan, of Santa Rosa, last Sunday. They also had as guests, Miss Margaret McDonnell (Mrs. Gobar's sister) and Wm. Dasmann, both of San Francisco.

The Misses Doris, Helena and Marie Clewe took their departure, Monday, on a delightful vacation trip of three weeks' duration, to be spent at Long Beach, and other points of interest and pleasure in and adjacent to Los Angeles.

A. L. Wells, the well known and clever painter and decorator, is engaged this week doing some artistic scenic work for the Don Theatre. A garden scene is being added to the Don's stage properties, and will be greatly appreciated by patrons of the popular play house.

Mrs. Amelia H. Bates enjoyed a several days' visit with her daughter, Mrs. Clarence Nauman, in San Francisco, this week. Mrs. Bates has quite recovered her usual good health, and is gladly welcomed at meetings of clubs and organizations of which she is a valued member.

Mr. and Mrs. Michael Gough and family desire to express their thanks, through the columns of the Index-Tribune, to the many friends whose helpfulness and sympathy during their recent bereavement, the tragic death of their son John, is held in grateful remembrance.

Monday of next week, Mr. James Ruffner will attain the ripe age of ninety-four years, with every indication of passing more milestones before his span of life is completed and its sands have run their course. Mr. Ruffner is a native of the old "Blue Grass" State of Kentucky.

Mr. and Mrs. Chas. B. McDewitt and family spent the week-end in San Francisco, selecting the prize outfit of pretty clothes won by their little daughter, Elizabeth Anna, in the Bulletin's "Shower of Gold" contest. As a result, this dainty little lady will display a coat and hat that are "just the sweetest ever."

We regret to note that Mrs. A. Chelini is lying very ill at her home in this city. Mrs. Chelini has been in ill-health for several months past, and her present prostration is a recurrence of the attacks from which she had previously suffered. The lady has a wide circle of friends in Sonoma, all of whom hope for her speedy convalescence. Dr. Irving C. Gobar is attending physician.

Jos. B. Small, one of the best known and most reliable of Sonoma valley mechanics, has been awarded the contract for the construction of the splendid new home of W. H. Hanger and Rae B. Hunter. Work on the structure was commenced this week by Mr. Small and his crew of three carpenters, and will be pushed rapidly through to completion. As we have already stated, the Hanger-Hunter residence will be a modern, two-story building and one of the most beautiful homes in the valley.

Monday afternoon a fire occurred on the O'Brien ranch, of which Ben Streeter is lessee, and the dairy house was consumed before the flames were discovered. The men on the premises were working on a road, a hill between obscuring the view of the building. About four o'clock, time for bringing home the stock, the fire was seen, but too late to save anything. Mr. Streeter suffered a loss of about \$200 in the destruction of his cans, separator, and other utensils. An Empire Separator has been purchased from F. Clewe, for Mr. Streeter's dairying business.

Ernest Dalluge is lying very ill at the Leix Sanitarium, affected with paralysis of the right side, the result of a stroke of apoplexy, received Saturday last. Mr. Dalluge is a comparative stranger to the people of Sonoma Valley, having been a resident of the Shellville section but a few months. Last fall, he purchased property in that district, and has now in course of construction a cosy home thereon. He has won the esteem of all who know him, and his unfortunate illness is greatly regretted by friends and neighbors.

Saturday night of next week, May 30th, is scheduled as the date for the twelfth annual opening of El Verano Villa, for which extensive arrangements are in course of preparation by Mine Host Louis Lamotte. A special feature of the occasion will be Selig Mayer's clever zylaphone solos, and the appearance of the old-time favorite, J. Fitzgeralds. Splendid music for dancing will be provided by Peebles' Orchestra, and it must be remembered that there is not a finer dance floor in the valley than that of El Verano Villa Pavilion. This is one of the best conducted resorts in the valley, Mr. Lamotte whenever necessary suppressing any indication of rowdiness. Beyond a doubt, a big crowd will be present on this occasion.

The outing, held by the attaches of the California Glove Company, at Agua Caliente, Sunday, was shadowed by the unfortunate accident, which terminated in the death of Daniel O'Keefe Tuesday. The gentleman was swimming in the tank, and diving into shallow water struck the cement bottom with a force that rendered him unconscious. He was removed from the tank and Dr. A. M. Thomson summoned. Medical attention restored the injured man to consciousness, and his condition continued favorable until pneumonia set in, caused by the long immersion in the tank and excessive quantity of water breathed into the lungs. Death came to the injured man Tuesday afternoon. An inquest and post-mortem examination were held, the jury returning a verdict in accordance with facts as stated. The remains of deceased, who was about sixty years of age, were shipped to Napa, Wednesday.

MEMORIAL TO DONNER PARTY

The Index-Tribune office was favored with a call, on Friday of last week, from Mr. J. McQuarrie, the talented metropolitan sculptor, who modelled the Bear Flag Monument. Mr. McQuarrie is a genial gentleman, of most pleasing personality, and has made many friends on his visits to our city. While here, a measure of Sonoma hospitality was shown the visitor by our very affable Ex-mayor, Mr. E. Cummings.

Mr. McQuarrie has been selected by the Landmarks' League, N. S. G. W., to model a plaster pioneer group, sixteen feet high. From this plaster monument a magnificent bronze statue will be cast, to be erected on the shores of Donner Lake, a memorial to the Donner Party, whose terrible experience in the snow-bound Sierras marks one of the saddest events connected with our State's early history.

A small clay model of the group, which has been completed and accepted, was shown by the gifted artist to Mr. Jesse F. Prestwood, who profoundly admires this recent achievement of the sculptor. "The model," said Mr. Prestwood, "represents a pioneer family standing on the crest of the lofty Sierras, looking intently out upon the promising lands of the Golden State. The father stands with his right hand shading his eyes, and with his left arm protectively encircling the waist of his fearful wife. The mother holds in her left arm an infant, while impatiently tugging at his father is represented a little lad, who also—even at his tender age—seems surprised and awed by the beautiful panorama of broad plains and fertile valleys unfolded before his eyes."

"The life-like facial expression of each figure, and, in fact, the attitude and grouping of the entire model, reflects great credit upon the sculptor, and display an artistic conception of the finest quality."

"The adult figures in bronze will stand sixteen feet in height, and the group will surmount an immense pile of native granite taken from the exact location, where the Donner party passed that terrible winter of '46-'47 and where, out of the company of eighty-three, forty-two succumbed to starvation, before the were reached by the relief parties from Sutter's Fort."

It is hoped to have the monument in position in time for the Exposition.

Guyot Store Completed.

The new store of Ed Guyot, at Buena Vista, is having its shelves stacked with the fine line of general merchandise goods to be carried in the new building. In connection, the postoffice and Wells, Fargo & Co.'s express are located in this building, which will make it a very busy center in thriving Buena Vista. The new structure, which was erected by Messrs. Russell and Cutler, is substantial and attractive. The painting and papering was in the competent hands of A. L. Wells, who has turned out a very creditable piece of work.

INTERNATIONAL PEACE DAY

Essays on the Subject

The pupils of the High School celebrated Peace Day, last Monday, by reading original essays setting forth their views on the subject of international peace. It is impossible to publish all that was written, but suffice it to say that the pupils of Sonoma High are pacifists. Below follow typical essays on the subject:

The Moral Objections to War.

BY GLADYS F. SIMMONS, THIRD YEAR.

There is no doubt whatever that during recent years, and especially in the more democratic countries an international consensus of public opinion has gradually grown up, making itself a single voice crying for peace.

Among the forces acting for peace—and I am not sure but that it is one of the strongest forces—is the moral growth of the world. It may be added that the general tendency of war is to moralize the conquerors. This effect is seen alike on the material and the spiritual sides. Conquest brings self-conceit and intolerance. Defeat brings prudence and concentration, it ennobles and fortifies. All the glorious victories of the first Napoleon achieved less for France than the crushing defeat of the third Napoleon. The triumphs left enfeeblement, the defeat acted as a strong tonic which is still working beneficently today.

Let none think that the world is getting worse. The world is getting better and that is not only true here, but it is true all around the world. There is more altruism in the world today than there ever was before. There is a moral progress in the world; there is a recognition of the doctrine of brotherhood such as has not before been known.

There are six units of our present day society which are morally damaged by war. First the private citizen. In times of war the citizen is persecuted and traduced if he dares to differ with government policy. Freedom of speech is practically prohibited him. Even in the Philippine and Boer Wars, which were remote and not vital to the life of stronger nations many of the most patriotic citizens were ostracized and injured. Absolutely all sense of justice seems to be lost.

Secondly the moral damage done to the journalist. The modern press with its cartoons and write-ups are often deadlier than the sword. Aiming chiefly at large circulation, editors, often controlled by the owners of the paper for whom they are working, are compelled in war time to publish what is expedient for the owners' interest, thinking nothing of the right or wrong done to the nation and in this way damaging their own moral character.

In the third place the trader who is usually ignorant of modern economics imagines gain for himself in conquest. Examples of this are shown by the poor Asiatics who were supposed to be better customers for us than our own negroes and poor whites and South Americans. If one-third of the annual naval budget were spent in educating the latter to new wants and ability to purchase, a thousand times more trade would be won than by over-sea possessions.

Other examples of this are Italy's folly in expecting to gain by ownership of Tripoli, and France's loss, a loss greater than her gain by extending African possessions, except perhaps for a bigger place on the map. The only true economics are consistent with ethics. As Napoleon said of St. Helena: "Nothing permanent is ever gained by brute force."

The fourth moral disadvantage is seen in the politician. Governmental secrecy is absolutely necessary in war. This leaves the public helpless and mystified. The politician is tempted to let the soldiers atone for his blunders and insults, to discount the future with war loans, to neglect internal improvements, to yield to lobbyists for selfish contractors and sanction falsehood and deceit. And most of these things he does.

Of the soldier only blind obedience is required, with reason suspended, and this often tends to profanity, cruelty, callousness and licentiousness. Could anything be more degenerating than this?

The last unit is composed of the reformers. War means the postponement of all internal reforms, and charities starved and internal corruption goes unnoticed. There was an enormous setback to democracy and social reform in Great Britain from the Boer War. The north and south united as brothers after the Civil War, but the South-

ern views on color prevailed and the condition of the negro in the north was harder than it had been before the war.

The only way to do away with this moral damage of war, and the various other damages is through arbitration. The first step will be taken when two of the leading countries of the world resolve to submit all their differences without reserve to arbitration. As soon as a third power of magnitude joins this federation the nucleus of a world-state would be constituted. Such a state would be able to impose peace on even the most recalcitrant outside states. There are methods other than war of enforcing peace, such as a federation of great states which would easily be able to hold in check even the most warlike of states.

The Workingman's Objection to War.

BY GABRIELLE HEGGIE, SECOND YEAR.

In the early times before gunpowder was invented, when weapons were spears and lances, fighting was done by knights. They were all large landholders and fought to protect their property from invasion and capture. As armor was so expensive none but the wealthiest could afford it. War was not dangerous; few were either killed or wounded. Meanwhile the serfs or workmen remained at home and tilled the soil.

With the advent of the bow and arrow war changed from defensive to offensive. Archers were kept by the nobles to fight for them. They received a regular pay.

Today all this has changed. It is no longer a case of might as physical strength meaning right. Today the quickest firing gun is right, and its countless victims are the poor; the workers. But meanwhile what does the capitalist, the factory and mine owner, the oil king do? Absolutely nothing but make the war to further his own interest and reap the benefits. War is really a quarrel between capitalists of one country and those of another. Each knows too much to suffer the immediate danger of loss of life or property. They receive all the benefit in extension of trade or territory. The heavy expense of carrying on the war falls on the small property holder. He feels his share very heavily while that of the capitalist is hardly felt by him.

The soldier plays only the part of a target and receives nothing but death or a maimed body for life.

Large numbers have gone thus blindly to war not really knowing for what cause they are so willing to give up their lives. They are told, and believe that their country is endangered by some other strong power while in reality they are fighting to further the interests of some selfish private individual.

In the last few years since the Hague Conference the workman has seen war in a new light through the widespread of education. His education means the cessation of war.

Unique Advertising.

Mr. H. Watters, local agent of Wells, Fargo & Co., received this week, through his office, a decidedly unique bundle—a bunch of cards bearing the office stamp of a considerable number of the company's agencies, each of which had been attached to the others with a huge safety pin. James H. Krusd, Wells, Fargo & Co.'s agent at Healdsburg, is the clever originator of this novel method of advertising the desirability of patronizing Wells, Fargo & Co., starting the chain by addressing his fellow expressmen on the point of the safety assured shipments by express. "It's safe," writes Mr. Krusd; "there's where we get our inspiration. From that starts this chain of safety pins on to every point in the United States. Kindly secure a pin to match, and attach same to chain, with card bearing office stamp. When it has served its purpose and comes home, it is going to be placed on exhibition at the great Fair in 1915 as a Wells, Fargo exhibit." It will most certainly have attained mammoth proportions before it completes the circuit.

P. P. I. E. Auxiliary.

The regular meeting of the Sonoma Woman's Auxiliary of the Panama-Pacific International Exposition, will be held at three o'clock, on the last Friday afternoon of each month, beginning May 29th, in the Council Room of the City Hall. All women are cordially invited to attend.

GOVERNOR JOHNSON COMING TO SONOMA

"GOVERNOR JOHNSON sends his best wishes and will be delighted to be present at the unveiling of the Bear Flag Monument, June fourteenth."

So read the message, forwarded in behalf of the Governor by Private Secretary Alexander McCabe, to Assemblyman Herbert Slater, who was asked by the Committee of Arrangements to officially invite Governor Johnson to unveil the Bear Flag Monument.

This positive acceptance of the honor on the part of the State's chief executive effectually settles all conjecture on this point, and also serves to create renewed interest and enthusiasm.

As a matter of fact, however, enthusiasm could scarcely reach a greater degree, according to Jesse F. Prestwood, President of Sonoma Parlor, N. S. G. W., and, in reality, commander-in-chief of the army of energetic men who have in hand the big celebration. Mr. Prestwood is a host in himself, however, with the executive ability, tactfulness and judgment requisite in the man placed at the head of affairs. He has marshalled his forces most effectively, as results are proving.

Mr. Prestwood reports the various committee-men working as a unit, and leaving no detail unthought of or neglected that will contribute to the success of one of the greatest events in the annals of the history of Sonoma.

The personnel of the committees is as follows:
Publicity—John F. Picetti, Theodore Keiser, Ernest C. Campbell.

Reception—Dr. H. W. Gottenberg, H. F. Bates, Geo. McGill.

BOYES' SPRINGS HAPPENINGS

(BY ART HICKMAN)

Boyes Springs was the attraction last Wednesday evening and Mr. and Mrs. Jack Landers Stevens were the center. The performance scheduled to take place on this night was almost destined to be postponed, as the big matinee idol met with a very serious accident last Sunday and it was only his desire not to disappoint, which is usually apparent in most theatrical peoples' makeup, that prompted him to go through his performance as was advertised.

The evening in its entirety was one full of enjoyment. The ball was started rolling by four reels of pictures and it gave all late comers an opportunity to be seated and make ready for the Stevens family. The sketch followed the pictures and the valleyites showed their approval by demanding the Stevens' to step upon the stage and take many bows to very flattering applause. After the ovation had subsided the crowd was more than anxious to make room for the king of all amusements, dancing.

Big loyal "Bill" Hill has packed and left the valley. It was a sorry day for the village when dinky number nine came rushing down the track and picked up the big Southerner and took him away. Regardless of the fact that Bill is going into business in the big metropolis the people around Boyes would rather see him less prosperous and stay in their midst. The Hill family will make their home in Berkeley and San Francisco and Bill has secured half interest in the well-known Campus Cafe at Fillmore and Fulton Sts., where needless to state, he will more than be pleased to see any friends from his old haunts when they stroll to the Exposition City. Bill didn't have any too much time to do his rounds and say good bye to his friends and wants me to take the liberty of announcing the fact that if he overlooked any obligation of any kind he will be very thankful if the party will notify him either by mail or in person. Boyes and its surroundings has lost a laugh and a heart bigger than is annexed to many individuals and there was many a tear shed when the big husky boarded his train for San Francisco. At that it's better than Mexico and I know that there isn't a person in the valley that doesn't wish him and his better half and the prize winner baby all the success in the world. There is nothing left of Bill Hill but the old brown suit that he left me to wear. Good luck, old boy.

NOTICE TO PROPERTY OWNERS.

The attention of property-owners of Sonoma is called to the following provisions of Ordinance No. 89, relating to public nuisances:

Section 2: It shall be unlawful for any person, firm or corporation, except a properly authorized city official, to make any excavation in, or to remove any soil or gravel from any street, alley or other public place, in the City of Sonoma, without first obtaining a permit in writing signed by all the members of the Committees of this Board on Streets and Sidewalks, or Plaza and Cemetery, as the case may be, having jurisdiction of the subject matter. This permit shall specify the place where such excavation shall be made, and the extent thereof, or the places from which the soil or gravel is to be removed, and the quantity of soil or gravel to be removed, and the time within which said work shall be done; that

it shall be understood and agreed between the party receiving the permit and the City of Sonoma, that the party receiving the permit shall assume all responsibility for damages, accidents or like responsibility for damage that may be occasioned by the carrying out of the rights and privileges hereby granted by this permit. It shall also be understood by the party receiving the permit, that all excavated soil or other material which is to be returned to the excavation must be well tamped and thoroughly wet down, and where any street, alley, sidewalk or thoroughfare has been paved or gravelled, such pavement or gravel must be kept separate from the excavated soil, and must be placed in the refilled excavation, last.

Section 3: Before a permit as herein required is granted, the party asking for it must deposit with the committee granting it, a sum of not less than \$5.00, as a security that the excavation or excavations will be properly and satisfactorily refilled, and to cover the cost of refilling such excavation or excavations, in case the same shall be done by the city, after the refusal or neglect of the person to do so whose duty it is. It shall be optional with the Committee to exact a bond from the party asking such permit, with at least two sureties, in lieu of such deposit, conditioned that said party asking for said permit shall properly and satisfactorily refill all excavations or excavations made pursuant to the provisions of this ordinance.

By order of the Board of City Trustees.

BASEBALL NEWS

(EDITED BY KENNETH WOOD)

Sonoma 5; Wawona 1.

Mark down one more victory for the home team. This makes a record of four games won and two lost. The Bear Flag bunch are playing good ball now, and bid fair to take many more scalps before the 1914 season closes.

Fritz Helberg, Sonoma's left-handed twirler, seems to have something on the ball this year. He let the Wawona Club down with five scattered base-hits in last Sunday's contest and only one fly ball was knocked to the out-field.

"Hung" Anselmi came to life Sunday and made two juicy base-hits. Ping Nessi is doing some timely hitting for the home club. George Block, who does the catching for the "Mission Town" boys, is some class when it comes to catching fouls. George retired five batters via the foul ball route in last Sunday's game. First baseman Billy Block, Shortstop "Dutch" Andrieux and second baseman Canevari are playing their respective positions with lots of "pep." The infield work is much better than has been for some time.

The Wawona Club played errorless ball, but the eleven base-hits made by the winners were a few too many to overcome.

Since Al Jansen has been playing in the right field, he has been getting his hits regularly and doing good fielding. Al, they say, like Rudy Lichtenberg "came back". What about you?

Tomorrow, at 2:15 o'clock, there will be a game at the Sonoma ball park between a city team and the local nine. See the posters.

SOCIETY EVENTS---CLUB NOTES---PERSONAL MENTION

The Sonoma Valley Woman's Club had the rare pleasure of listening to a very able address, Friday afternoon of last week, by Miss Ellen Trueblood on Walt Whitman, the poet of Democracy. The speaker presented the poet from the view point of style, and subject matter, showing wherein he differs from all other American poets and European as well, and showing why he is America's greatest poet. Miss Trueblood explained why he has been so slow in coming to his own in the hearts of those for whom he wrote, the common people of "These States."

The address was amply illustrated by excellent readings from the poet. When democracy is more of a reality, when human brotherhood is no longer a dream, when charity for human frailty is our only response to it, when with all our gettings we have gotten understanding, then will America understand and appreciate the finest in Whitman. Until then he remains a prophet without honor, in his own land. Miss Trueblood showed herself a master of the subject of English literature and responsive to its deepest beauty.

The musical entertainment was furnished by Miss Emilie Poppe, who delighted her audience, after which tea was served by the gracious hostess of the afternoon, Mrs. Adam W. Adler. No elaborate scheme of decoration was attempted, but the arrangement of clusters of roses and bride lilies was beautiful and effective.

At this meeting of the Woman's Club, it was decided that members should make a house to house canvass to secure rooms, which may be rented to visitors on the nights of June thirteenth and fourteenth, the proceeds from which will help to swell the Club House fund. The contemplated new home is the subject of many animated discussions these days, by the very energetic body of women, enthused and determined to carry out this building project without further delay.

Mesdames E. S. Michelsen and George Chase, prominent and active members of the Woman's Club, will jointly entertain, Wednesday afternoon of next week, and as compensation for their efforts hope to add quite a sum to the bank account of the organization of which both ladies are staunch adherents. At the home of Mrs. Chase, croquet and cards will be the features of entertainment, while just across the way, in the pretty Michelsen grounds, refreshments are to be served. The afternoon will certainly be one of pleasure.

The benefit dance, given by the Boys' Band, at Union Hall, last Saturday night, while well attended should have had a much larger turnout. It really seems an utter impossibility to have any local affair well patronized on Saturday night, during the summer season, and it is certainly a mistake to plan for that night any undertaking with money-making its objective point. Thirty-five dollars was netted from the dance, and a thoroughly good time enjoyed by those present. The music was splendid and the floor capably managed by Ralph Evans. The young musicians will have to arrange a near-future party to complete the uniform fund.

On Wednesday night of next week, the annual meeting of the Congregational Church will be held in the church parlors, and members and friends of the church are invited to be present. The Board of Directors will serve a chicken pie supper, at six o'clock, immediately preceding the business meeting. Everyone is invited to partake of the good things to be served, at the minimum price of thirty cents. There will also be a short musical program, in charge of the church choir. As the ladies of the Congregational Church are experts in the culinary line, making perfectly delicious chicken pie, it is a foregone conclusion that a large number will partake of the toothsome delicacy.

Another event of next week to occur Wednesday night, is a social to be given at Woodman's Hall, by the local branch of the Poultry Producers' Federation. Although organized for more than a year, this is the first occasion on which the members will meet for mutual pleasure. Dancing, cards and other diversions will be enjoyed. The arrangement of the function is in the hands of Messrs. H. D. Burmester, E. Cliff and Fred Hansen.

week absorbs keen interest on the part of young and old, yet there is considerable disappointment that a play was not prepared for presentation by our clever High School boys and girls.

You love a good time, don't you? Well, you certainly will be gratified, if you have the good luck to be present at the Convent School Closing Exercises on the night of June third, at eight o'clock, at Union Hall. Friends and the kind public generally are most cordially invited by the pupils, both of the senior and junior grades, as all pupil participate.

Miss Henrietta Weber has resigned her position in San Francisco, and will remain with her parents for an indefinite period. While Mrs. Weber has almost entirely recovered from her recent serious illness, she yet requires solicitous care and her daughter feels her place, therefore, is in the discharge of home duties. A fact to be regretted, too, is that Mr. Weber is suffering from an affection of the eyes, which has impaired his sight to a considerable extent.

Mrs. Chester Pressey, of San Francisco, the daughter of A. L. Wells, arrived here, Sunday, with her little son, Gordon, and will spend the summer with her father. They have taken the Wagner cottage on Broadway.

REALTY MARKET

"Lots of inquiries," replied F. W. Carter, Sonoma's reliable realty dealer, to an Index-Tribune's representative, this week, to our query as to the extent of property sales. "The stringency of the money market is the stumbling block in the way of our doing a land-office business. If money would only loosen up, the real estate market in this valley would quicken to a surprising extent."

"Yet, despite the difficulty in securing ready money, considerable property has been transferred this spring, with several prospective buyers in view. In some instances, sales have been but the replacing of one party with another, while in other cases it has meant the locating of new and desirable settlers. Men who look properties over in this district, seem perfectly satisfied with prices, present conditions and prospects."

"There is no reason, however, why other conclusions should be drawn, in view of prevailing conditions. Than Sonoma Valley soil and climate, nothing finer is to be found in the state, if, indeed, either can be equalled. In the past few years, big holdings—such as that owned by the Lehrke Land and Water Company—have been subdivided into small tracts and sold off to settlers who are today making good."

Another of these big properties was sold this week by Mr. Carter, to Davidson & Morris of San Francisco. It comprises two hundred acres of land, west of Shellville and will be subdivided and sold in small tracts on easy terms.

Ten acres in the Lehrke tract has also been sold by Mr. Carter to Ohlsen Brothers, of San Francisco.

Another sale made by Mr. Carter, this month, is a fine ranch in the El Verano district, which was purchased by Mr. Frederickson, a recent arrival from Washington.

The sale of the E. C. Wilson home on Broadway, to F. N. Nelson, who, with his family, came to our city from Nebraska, was also made through the efforts of Mr. Carter.

Big Doings at Chauvet Hall.

Tonight at Chauvet Hall, Glen Ellen, will take place the big event, given for "Harry's Inn." It has been characterized as a spring-time old clothes ball, and arrangements are to carry out this idea. Scarcely a crowd of clothes will be the style, and a special feature is to be "rag" dances. Prizes are to be awarded the best "raggers" so it is in order for those who'd win championship honors to be on hand tonight. A fine time is assured all who attend. Good music will be furnished for dancing. The price of admission has been placed at twenty-cents, with supper extra.

To Locate in Sonoma.

Dr. Chas. C. Petheram, a graduate of the Los Angeles College of Osteopathy, has rented offices in the Poppe building, wherein he will engage in the practice of his profession after June 1st. Dr. Petheram—a most agreeable gentleman—expresses himself as very highly pleased with this valley.

Notice to Sonoma Moose.

The initiation of a large class will take place in Castagnasso Hall, tomorrow, Sunday afternoon, May 24th, at 4 o'clock. All members are earnestly requested to be in attendance.

DEATH SUMMONS JACK GOTTENBERG

Ever and anon death enters our ranks and strikes a mark whose leveling leaves a crushing weight of sorrow. When the Death Angel removed from our midst our beloved young friend, Jack Gottenberg, a most happily united family was plunged into grief by this first break in the circle.

For more than a year Jack had been in steadily declining health, but the indomitable spirit and determination of the young man was so manifest at all times that but few realized the nearness of the summons of the grim messenger. The end came peacefully during the early morning hours of Thursday, his spirit leaving its mortal tenement without a struggle, winging its way to paradisaical realms. John Lewis Gottenberg was born in Antioch, Contra Costa county, twenty-seven years ago, and was the second son of Mr. and Mrs. John Gottenberg. His parents removed to Sonoma when Jack was in his first year. Here the Gottengbergs have remained honored, esteemed residents. In our midst, the friend, whom we mourn today, passed from youth to manhood's estate, winning the friendship of young and old.

The sympathy of the entire community goes out to the family of deceased in their great bereavement. Besides his parents, four brothers—Dr. H. W., Emmet, James and Ray—are left to miss and grieve for the sunny presence and bright companionship of he who was so dear to them.

The funeral will be held this morning at 10:30 o'clock, from Masonic Hall, the services to be conducted under the auspices of Petaluma Lodge of Elks, of which deceased was a valued member. The remains of the much-loved son, brother and friend will be laid to rest in Mountain Cemetery.

CITY TRUSTEES IN SESSION

A special meeting of the Board of City Trustees was held at the City Hall, Monday evening.

Full Board present, with President Von Hacht in the chair. The president stated that the purpose of the meeting was considering the completion of the work on curb and gutters on Broadway, between Napa and Washington streets.

On motion by McDewitt, seconded by Johnson, the city attorney was instructed to notify all property owners on Broadway, between Napa and Washington streets, who have not put in curb and gutters to put them in forthwith. Carried.

On motion by Dal Poggetto, seconded by Johnson, the street committee was instructed to clean and put in shape streets and plaza.

On motion by McDewitt, seconded by Dal Poggetto, the street committee was instructed to have fire hydrant placed on Third street west, south of Napa street, and also to have leaky hydrants repaired.

On motion by McDewitt, seconded by Dal Poggetto, the city attorney and city clerk were instructed to take immediate action to have city employees properly insured against accident, as per State accident insurance law.

On motion by Dal Poggetto, seconded by Johnson, the street committee was instructed to fill holes and remove bumps on lower Broadway.

On motion by Johnson, seconded by Dal Poggetto, the street committee was instructed to have street light placed on Broadway, opposite Maple Avenue.

WHAT OUR NEAR-BY NEIGHBORS ARE DOING

The citizens of Vineburg are very much pleased at the way our streets are being sprinkled, and return sincere thanks to Judge Forni for the able manner in which he brought the sprinkling proposition to such a successful issue.

Mrs. August Figone and children, accompanied by Miss Mary Batto, all of San Francisco, arrived Tuesday evening, and will be the guests of their parents, Mr. and Mrs. John Batto, for several days.

Dear Easy Jim: I see by the last issue of the Index, that the Buena Vista correspondent does not seem to agree with your new assistant, Miss Ruby Rossmoyn, in regard to the names of the thoroughfares of that pretty burg. Well, Easy, your first assistant Fannie Ferndale is now on her way home from a vacation spent at Colorado Springs. Let her take the matter under consideration, as she is an authority on such questions.

Sincerely Yours,
Viola Vineburg.

We are sorry to have to report that Lemuel Griffith, son of Mr. and Mrs. A. Griffith, of this place, met with a serious accident at Sonoma, Tuolumne County, Monday last. The young man, who is well known in Sonoma Valley, fell beneath a car on the Seina Railroad, of which company he is an employee, having his leg broken and foot very badly crushed. He is receiving treatment at the company's hospital at Sonoma. A host of friends hereabouts hope his injuries will not keep the young man confined for an uncomfortable length of time.

EASY JIM.

Catholic Mission Closes.

The Mission, held last week in St. Francis' Catholic Church, was closed by Rev. Father Sullivan on Sunday night, with beautifully impressive services. During the services, the sacred edifice was filled with Christians of other professed beliefs than Catholicism. Many non-Catholics paid the zealous Missioners the appreciated tribute of being in attendance every evening. The highest encomiums were accorded the speakers, whose sermons were thoughtful, convincing, argumentative, broad, Christian belief. Every sermon delivered was non-controversial Christianity, the expounding of which resulted in great benefit to the congregation of St. Francis' Church and the community in general. At the closing services, the baptismal vows were renewed, every person (Catholic and Protestant) in that thronged edifice, holding aloft a lighted candle (to the Catholic typifying the light of faith) professing belief in Almighty God and the renunciation of the devil. The names of eloquent Rev. Fathers Sullivan and McGrory have been engraved on the tablets of Memory by a host of well-wishers.

Appointment Confirmed

The appointment of John D. Wagon to the postmastership of Sonoma has been confirmed, and that gentleman has forwarded his bond of \$25,000 to Washington for approval. It will probably be several weeks before the new postmaster receives his commission. In his official capacity, Mr. Wagon will assuredly give competent and highly satisfactory service.
